Education

Dr. Ram Manohar Lohia Awadh University *Sept 2023 – May 2026*
Bachlor of Computer Application (BCA)

- GPA: 3.9/4.0 (a link to somewhere ↗)
- **Coursework:** Computer Architecture, Programming Languages, Data Structures and Algorithms, Operating Systems, Computer Networking, Software Engineering, Database Management Systems

Experience

Software Engineer *Cupertino, CA*
Company 1 *June 2005 – Aug 2007*

Software Engineer Intern *Redmond, WA*
Company 2 *June 2003 – Aug 2003*

Projects

Multi-User Drawing Tool *github.com/name/repo ↗*

Synchronized Desktop Calendar *github.com/name/repo ↗*

Custom Operating System *2002*

Technologies

Languages:

- **JavaScript:** Basic programming concepts, DOM manipulation, event handling.
- **HTML:** Creating structured web pages, understanding semantic elements, forms, and tables.
- **CSS:** Styling web pages, including layouts (Flexbox, Grid), responsive design (media queries), and basic animations.

Technologies:

- **Git/Github:** Version control, creating repositories, branches, commits, and pull requests.
- **VS Code:** Code editor for web development with extensions for JavaScript, HTML, CSS, and Git integration.
- **CSS Frameworks:** Responsive design frameworks like Bootstrap, Tailwind CSS for building layouts quickly.
- **JavaScript Frameworks:** Basic concepts of React.js for building front-end components and state management, Node.js for server-side development.
